

Staff Recruitment

- 1) Prayerfully enlist the help of the Holy Spirit as you consider who could serve with you in Pathfinder Ministry.
- 2) Share the Volunteer Staff Part 1 form with anyone who expresses an interest in serving with you. Ask them to complete it for consideration when decisions need to be made. Tell them you will keep their interest confidential and that you will keep it in an active file. (This will give you the opportunity to do an online check and do some researching to make sure that this person would be an asset to your club)
- 3) Officially ask the individuals that you feel could do the best job as leaders and would be an asset to the club and ask them to complete the Part 2 form.
- 4) Based on the information provided in the two forms, enter that person online as a new staff member (instructions provided in GCC Manual Online).
